Our school initiatives are on track to meet or exceed our targets

During 2015, we focused on maximising the benefits of this funding for our students. After reviewing our *2015 Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed many of our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Developed Mackenzie State Primary School's Explicit Instruction of Reading Framework
- Implemented a whole school approach of supporting readers at risk of not meeting a satisfactory level
- Developed and shared staff expertise in research-based, effective strategies to teach reading to all students
- Developed ongoing cycle of data collection to help plan the next steps in teaching for each student and group
- Developed a data wall and discussion process to ensure each child is visible and their progress can be monitored more effectively
